The objectives of the review are, in particular, to establish:

- the degree of fulfilment of the *project* work plan for the relevant period and of the related deliverables
- the continued relevance of the objectives and breakthrough potential with respect to the scientific and industrial state of the art
- the resources planned and utilised in relation to the achieved progress, in a manner consistent with the principles of economy, efficiency and effectiveness
- the management procedures and methods of the *project*
- the beneficiaries' contributions and integration within the *project*
- the expected potential impact in scientific, technological, economic, competitive and social terms (where relevant), and the plans for the use and dissemination of results.

The following documents need to be sent to the Commission and to the experts, the latest two weeks prior to the review:

- Copy of the Annex I (description of Work) of your contract – to be sent only to the reviewers
- The third Periodic Report
- If available, a CD with published articles/papers, any publicity material and any video/demos
- Deliverables and reports subject for review during this reporting period (according to Annex I)

In addition, please send me

- A draft proposal for the agenda of the review meeting and a list of participants to the meeting (including date of birth and passport/ID number).

May I also remind you that the guidance notes on project reporting in FP7 may be consulted on ftp://ftp.cordis.europa.eu/pub/fp7/docs/project_reporting_en.pdf.

At the review meeting, please make sure that the experts and the Commission receive paper copies of all slides used for the project presentations during the review session.

Should you have any questions before the meeting please do not hesitate to contact me. I look forward to seeing you at the review meeting.

Yours sincerely,

José Fernández-Villacañas
Project Officer
